About Kalera

Kalera is a vertical farming company headquartered in Orlando, Florida. Kalera uses technology to ensure that more people around the world have access to the freshest, most nutritious, and cleanest products available. It has spent several years optimizing plant nutrient formulas and developing an advanced automation and data acquisition system with Internet of Things, cloud, big data analytics and artificial intelligence capabilities. Kalera currently operates farms in the US (in Orlando, Florida; Atlanta, Georgia; Houston, Texas and Denver, Colorado), as well as in Kuwait. Additional farms are under development. More information is available at www.kalera.com.
