

May 10, 2021. Kalera (Euronext Growth Oslo ticker KAL, Bloomberg: KSLLF) one of the fastest-growing and largest vertical farming companies in the world and a leader in plant science for producing high-quality produce in controlled environments, today announced it will be releasing results on May 12, 2021 for the three months ending March 31, 2021 according to the Company's financial calendar. Arctic Securities AS will host the Company's live presentation to take place on Wednesday May 12, 2021 at 10 AM Eastern Standard Time (4 PM Oslo - CEST). Participants please sign up for Kalera's Q1 2021 webcast by sending an email to events@arctic.com.

About Kalera

Kalera is a technology driven vertical farming company with unique growing methods combining optimized nutrients and light recipes, precise environmental controls, and clean room standards to produce safe, highly nutritious, pesticide-free, non-GMO vegetables with consistent high quality and longer shelf life year-round. The company's high-yield, automated, data-driven hydroponic production facilities have been designed for rapid rollout with industry-leading payback times to grow vegetables faster, cleaner, at a lower cost, and with less environmental impact.
